EXCEED YOUR VISION
Program Sponsorship offers you and your organization an avenue for frequent and regular exposure to other chamber members as well as opportunities to address the attendees during the program. Chamber programs are designed to provide affordable business education for members and non-members as well as multiple opportunities for small to medium-sized business owners and their employees to connect with like-minded chamber members and members of our community. Our programs are held on a weekly, monthly or quarterly basis at varying times of day. This affords the most opportunities for business members to find a program that suits their needs and schedules while giving regular exposure at an affordable price to sponsors with a high return on investment for cost spent all while associating them with these important business resources.

**Standard Sponsor Promotion Package**
All Program Sponsorships have a Standard Sponsor Promotion Package that gives sponsor and logo recognition on all promotional materials, emails, Advocate newsletter, chamber website, event banners, and signage.

Mental Health Issues & Resources Symposium
November 3, 2020

The nonprofit Mental Health America recently ranked Oregon the worst state in the nation for prevalence of mental illness. For years there has been a shift to deinstitutionalize individuals and to provide more services within the community. Unfortunately, those living with mental illness were left without a much needed safety net for community resources, and the problem of prevalence has grown.

What can be done to turn the tide on this issue? A panel of experts from our leading healthcare providers will have an open, frank discussion around mental health care and solutions for our community.
